### ***The President's Message***

### ***The Dean's Message***

**The Ebell Club of Anaheim Board has been meeting and preparing for the coming year. We are doing as much as possible electronically.**

**The By-Laws have been updated/modified to take into account the way the world and our lives have changed over the last few months. Electronic communication and meetings are now possible.**

**The Yearbook has been updated and is ready to go to the printer. One change this year is a list of all of the members and their contact information in alphabetic order in addition to the monthly meeting committees.**

**Helen Carter has been working hard to schedule interesting programs for our upcoming general meetings.**

**We hope to be able to have our General meeting in September with the following changes: Large tables set up with four people per/table; temperature taking at the entrance; masks worn except when eating; and food prepared offsite in a commercial kitchen and served individually. Our kitchen will not be used for food preparation. No food or beverage buffet or self-service. We have the approval of the Anaheim Board of Health and will be following their regulations. We will use the regular chairs with covers because they can be washed and sanitized.**

**Please keep everyone in your thoughts and prayers. #EbellStrong**

**Pam Hilton, President  
"Back to the Future"**

**This is the start of a new year and a lot of new experiences! All of us are trying to keep things as normal as possible in a rapidly changing world. I am glad our club is one thing our community can depend upon to be consistent. With all the changes going on, our members will keep on working on our projects. In one way or another we will continue to contribute to our "piggies" and help those that are most vulnerable. It may take time, but we will continue to collect for the Meals on Wheels project, and when the time is right, do fundraisers for the scholarships, and other projects.**

**Right now, our Regional meetings may be limited to zoom but we will continue to support the new projects when they are announced. It seems that "social distancing" has forced us to sharpen our technological skills and look for creative ways to reach out to each other.**

**So, whether we meet through zoom or in person wearing masks, I know Ebell Club of Anaheim will find ways to keep active, help out our community, and support each other.**

**Hope to see everyone soon! Stay safe and healthy.**

**Your Dean,**

**Susan Hernandez**
